SIR,

With reference to correspondence ending with your letter No. 4795/Edn.23-14 dated 11th May 1915 in the matter of the Delhi Medical scholarship granted to Miss Nanjamma, student, Maharani's College, Mysore, I have the honour to state that the Superintendent, Maharani's College reports in her letter No.666 dated 7th June 1915 (copy forwarded) that Miss Nanjamma failed in the recent Intermediate Examination and does not therefore wish to receive the amount sent to her, as she is afraid that she may not be admitted to the Delhi Medical College.

The Superintendent of the Maharani's College further states that Nanjamma has all along been a steady and hard-working student and requests that her case may be recommended to the Delhi College Committee for favourable consideration. In paragraph 3 of Government of India Order No.1990-6 dated 16th October 1913 (received with your letter No.437/Edn.23-14 dated 25th September 1914) it is stated that the object of the scholarship is ".....to enable candidates whether already enrolled in Colleges or who have just completed their School course to pass the Intermediate or similar standard in 1915 and to enter the College at Delhi at its opening".

Letter No.666 dated 7th June 1915 from the Superintendent, Maharani's College, Mysore, to the Inspector General of Education in Mysore, Bangalore:--

---

With reference to your letter No.17388-9/1755 dated 22nd April 1915 forwarding the amount of scholarship granted to J. Nanjamma of the Senior Intermediate- Arts class, by the Committee of the Delhi Women's Medical College, I have the honour to report that J. Nanjamma failed to pass the Intermediate Examination in Arts this year and she fears that she will not be allowed to join the Delhi Medical College for Women and does not therefore wish to receive the amount. I therefore return the amount received with your letter under reply.

In this connection I beg to state that Nanjamma has been always a steady and hard working student and has completed the course of instruction for the Intermediate Arts Examination. In the Grant Medical College, Bombay, students who have worked satisfactorily for a year in the Intermediate Arts class are admitted to the L.M.S. classes. I therefore strongly recommend that Nanjamma may as a special case be allowed to join the Medical College at Delhi and request you to kindly support my recommendation and obtain the consent of the Committee of that College for her admission.

Letter No. ----, dated the 3rd September 1915, from the Honorary Secretary, Medical College, Delhi, Committee, to the First Assistant to the Resident in Mysore.

With reference to your letter No. 5646, dated the 9th August 1915, I have the honour to say that the general educational qualifications required for admission to the new Medical College for women at Delhi are those which satisfy the regulations of the General Medical Council at home as to eligibility for registration. It does not appear that at present the necessary conditions are satisfied in Miss Nanjamma's case, and the Committee regret that she cannot be admitted to the college until she has passed the Intermediate examination. They are however willing to allow her a scholarship of Rs. 30 a month for a period of one year with effect from the 1st June 1915, in the event of her making an attempt to pass the intermediate examination next year and undertakes, if she succeeds, to join the Medical College at Delhi when it is opened. I am to enquire whether she is agreeable to this course.
